SUMMARY

During my first year of college I was taking a web development course which sparked my interest for web development. I am a motivated self-learner keen to learn new web technologies to build better, more efficient solutions and modular code. I also enjoy playing PC games, repairing smart phones, and building computers.

SKILLS

| | |
|------------|---|
| LANGUAGES | Javascript, Ruby, HTML, CSS |
| FRAMEWORKS | NodeJS, ReactJS, Ajax, Express, Knex, EJS, JQuery, Bootstrap, SASS, Rails |
| DATABASES | Postgresql, Sqlite, Mongoddb |
| TESTING | Chai/Mocha, RSpec |

PROJECTS

Sonar

Utilizing Translink's real time API, Sonar gives the user local bus informations, displays the location of bus stops in their area and renders the locations of busses on a map in real time.

Jungle

E-commerce application using Rails, Postgres, SASS, and Active Record. Simulated real-world scenario of inheriting a large code base, and adding features to the product.

tinyMapp

tinyMapp helps users create lists of their favorite places and list them under a title. It uses Google Map's API to generate the map and markers on the map, with Express handling the routes and PostGresQL for the database.

ChattyApp

ChattyApp is a realtime messenger, which Users can send messages, see an updated list of the number of users that are online, and see when other users have changed their username in realtime.

TinyApp

TinyApp is a full stack web application built with node and Express that allows users to shorten long URLs.

Tweetr

Tweetr is a simple, single-page Twitter clone. That implements HTML, CSS, JS, JQuery, and AJAX

EDUCATION

Lighthouse Labs

Full-time immersive bootcamp focused on full-stack web application development.

Langara College

Associate of Science Degree in Computer Science : In progress

Completed Credits: CPSC 1050 Introduction to Computer Science, CPSC 1150 Program Design, CPSC 1045 Intro. to Web Programming

EMPLOYMENT

Mar 2017 to Jun 2017

Loblaws · Warehouse Assembler · 350 SE Marine Dr

Build a stable pallet full of products according to an walkman within a specific time span.

Receive shipments, and place each product on a pallet

Safely used warehouse equipment, including pallet jacks

VOLUNTEERING

2013 BMO Vancouver Marathon · Course Marshalling · Vancouver, BC

Direct marathon runners to their designated route
